WORK EXPERIENCE

Box.com/eDefender Integration - Santa Barbara Public Defender's Office

Intern

Los Angeles, CA

August 2023– Present

- Utilized AWS Lambda, AWS S3, AWS Secrets Manager, and Azure AI Video Indexer to format evidence for clients and learned to utilize several API's.
- Collaborating with team members to work through understanding the code and improving upon it together.
- Learned basic JavaScript development concepts such as Async/Await and Modules.

Starbucks Corporation

Barista

Los Angeles, CA

September 2021 - Present

- Collaborated with team members to ensure efficient workflow during peak hours and participated in store meetings and training sessions.
- Provided exceptional customer service by greeting customers, taking orders, and addressing any inquiries or concerns promptly and courteously. Awarded: Partner of the Quarter.

PROJECTS

Weather App

Web Development | Personal Project

Los Angeles, CA

- Developed an application to receive information from a free weather API and utilize its information to make real accurate time data about the weather. Utilized programming languages such as JavaScript, HTML, CSS, and API's to develop the application.

3D Game Touch Grass

3D Unity

Los Angeles, CA

- Led a team in developing a 3D platform game using C#, overseeing project organization, and problem-solving to meet deadlines. We implemented obstacles, enemy AI, and several diverse levels with their own challenges.

Software Engineering Book Website

PyCharm | Django

Los Angeles, CA

- Developed a website with Python to store and review books. It had features such as favorite books, reviews, and add books. These features allow for a website where multiple people could contribute to the website

Search Discord Bot with Discord API

Javascript | Github | Terminal

Los Angeles, CA

- Developed a discord bot utilizing the discord api to search for users name and their information. Also contained the history of previous searches, and caches history.

LEADERSHIP EXPERIENCE

Youth United for Community Action

Volunteer Lead

Los Angeles, CA

September 2018 – June 2020

- Lead a team through many events for community service through clean-ups, toy giveaways, and local events.

Peer Counseling

Peer Counselor

Los Angeles, CA

August 2019 - June 2020

- Assisted fellow peers with class work and helped fortify their understanding of various math subjects. Simultaneously provided assistance with college applications.
